2, Power of attorney for both customs declaration and Inspection & Quarantine

3, Item name must be in both English and Chinese.

Need both paper and electronic file(Word or Excel) , If no Chinese name, please translate it into Chinese.

4, Certificate (original) : Certificate of origin, Hygienic License.

Note: Cargo cannot be picked up from bonded warehouse until duty & tax are completed to Customs in Chongqing. In order to save time, we strongly recommend our customer to prepay a certain sum of money to us for a quickly payment to customs .

Due to the particularity of exhibition cargo, high demands on time. For customs clearance smoothly before exhibition opening, we request our clients provide us detailed cargo information before On April 1, 2018 . We will do check and verify item' s name , quantity , HS code ...etc. preliminary ,and need to correct or complement Customs documents if necessary.

D, Import Customs clearance procedures:

Basic process: Initial review - Examination – Duty & Tax - Release

Initial review: All required documents will be handed over to Customs broker who will fill a declaration form properly . After checking & verification carefully ,and there are not any mistakes ,broker feeds the form data into computer and send EDI to customs examination center for a electronic declaration.

(Note: For foods and wood products, mostly should do import inspection and quarantine and get a Customs Clearance of Entry Commodities).

Examination: After EDI is accepted by customs system , the original invoice & packing list , air waybill or B/L ...etc. would be submitted to on-site customs officer for verification.

Duty & Tax : Field officer will check and calculate defined rate of duty & tax for commodity according to HS code and goods value. Then they print out duty invoice for collection and advise consignee complete payment at nominated bank.

Release : After Duty & tax to Bank ,officer will seal a release chop on the original waybill, Then consignee can pick up cargo from bonded warehouse with it.

E, Import Inspection & Quarantine Procedures:

Submit cargo' s invoice & packing list , Certificate of origin, Hygienic License...etc. documents to China Entry-Exit Inspection and Quarantine Bureau for declaration. C.I.Q. will verify commodities' origin , quantity , names ,After checking and inspection , a Customs Clearance of Entry Commodities would be signed according to P.R.C regulations ,then consignee can do customs clearance with this paper.

Due to exhibits are special cargoes , exhibitor mostly be requested to provide a certification which issued by organizer of this exhibition to customs & C.I.Q. for proving exhibitor and commodity are authenticity, this will help broker speed up cargo release and delivery.
